Studies

Title of degree	Study Period	Location
Telecommunications Engineering Bachelor	2000 – present	Escuela Superior de Ingenieros de Telecomunicación. University of Valladolid. Spain.

Diploma Thesis

Company	Title	Abstract
Daimler AG	“Development and automatic testing integration of the PASS (Personal Assistance, Safety and Security) platform”	<p>The diploma thesis accomplishes the development of automated-bench testing validation of the new generation of Tele Aid devices incorporated in Mercedes-Benz vehicles before its market launch.</p> <p>The Tele Aid, is an in-vehicle communication platform. Through a combination of Global Positioning Satellites (GPS) and the advanced wireless communications technology built into Mercedes Benz vehicles, Tele Aid can put you in touch with emergency aid, roadside assistance or information while you are traveling, lock or unlock your car, and even track a stolen vehicle.</p>
